

Warms Sands Neighborhood Organization

PO Box 8022
Palm Springs, CA 92263
619/865-3666
bdpost@yahoo.com

Attendees: Bill, Max, Bruce and John S.

Streets Represented: Abronia, Ajo, Camino Real

Traffic Calming / Code Compliance Meeting – May 25, 2007, 2pm began @ 2:16pm

1. No Truck Signs and Speed

- a. We want the no truck signs on the North sides of Ajo, Encillia, Santa Rosa and Abronia – Without the signs, trucks will get themselves in a neighborhood that doesn't allow 8 ton trucks. Trucks cut through our neighborhood to avoid the lights on Palm Canyon.
- b. Another concern was SPEED (driving fast): Camino Real and / or Parocela – Watch your speed signs that show you the speed you are currently traveling – maybe use them on holiday weekends. They also collect data for the Department of Transportation about the number of cars that drive down the street as well as how fast they were going.
- c. Isn't there current State code restricting TRUCKS on residential streets?.

2. Suggested WSNO Code Compliance Policy

- a. We would like to implement a policy of notifying code violators of the problem before we call the City Code Compliance.
- b. Warn the home owner of the violation first and then call PS Code Compliance if the refraction is not fixed within a certain amount of time.

3. Cabs on Calle Ajo was discussed

A member reported that Cabs use Ajo to avoid the lights. This member reported they speed down his street. If they are going west on Ramon they use Ajo to avoid the lights on Palm Canyon. THIS ISSUE IS SPEEDING. Sunline, the bus company, regulates the cab companies. Recommendation is that WSNO write a letter to Sun Bus Line. They regulate the cab companies?

4. Music and noise (dog barking) was discussed

Noise Abatement - Barking dogs on Encilia

Dog licenses – member checking on how this works.
Animal control says if there is no food and water they will take them away.

5. The general consensus to work with TRENCO and DENCO on traffic.
6. Use the web site for Code and Traffic communication

Next Traffic Calming / Code Compliance Meeting is on June 22nd @ 2pm.
